

ADDITIONAL SECONDARY SCHOOLING CAPACITY IN NORTHERN GOLD COAST

RESPONSIBLE AGENCY	PROPOSAL STAGE OF DEVELOPMENT	PLANNED STAGE END DATE	ESTIMATED COST OF DELIVERY	BUILDING QUEENSLAND'S ROLE
Department of Education and Training	Strategic business case underway	Q4 2017	To be determined*	Assisting with strategic business case

NEED

The northern region of the Gold Coast is one of the fastest growing areas in Australia. Located on the suburban fringe in South East Queensland, this is an area with significant new housing opportunities for families of school-age children. This is placing pressure on local schools, driving demand for local educational facilities.

PROPOSAL

The proposal is investigating additional secondary schooling capacity on a number of pre-identified sites.

BENEFITS

The project is expected to cater for growing demand for school capacity, reducing the need for students to travel further to attend their local public school.

NEXT STEPS

Complete strategic business case.

*An estimate will be provided once the proposal has been developed further.
